Family Chesed Project

To benefit the pediatric cancer patients of **Chai Lifeline** and **Lurie Children's Hospital of Chicago**

This year's project is **T-Shirt flip belts and emoji stress balls!** We will be using Chai Lifeline T-shirts and converting them into flip-belts, (which are modern day fanny packs) for the children who will be going to Great America with Chai Lifeline.

The stress balls will be for them as well as other children to use while they are having treatment at the hospital.
